

PRESIDENT: All provisions of law relative to procedure having been complied with, the question is, shall the bill pass. Those in favor vote aye, opposed vote no. LB 114. Please record your vote. We are voting on LB 114. Please record your vote. Have you all voted? The Clerk will record.

CLERK: (Read record vote as found on page 708 of the Legislative Journal.) 36 ayes, 5 nays, a certain number excused and not voting and a certain number present and not voting, Mr. President.

PRESIDENT: A majority having voted in the affirmative, the bill is declared passed on Final Reading. Now then, LB 155.

CLERK: Mr. President, I have a motion on the desk.

PRESIDENT: Okay, read the motion.

CLERK: Mr. President, Senator Chambers would move return LB 155 to Select File for a specific amendment. The amendment would read as follows: (Read Chambers' amendment as found on pages 708-709 of the Legislative Journal.)

PRESIDENT: Senator Chambers, are you available? May we have order in the Chamber, please, and, Senator Chambers, the reason I hesitated, I couldn't find your amendment in the bill book but I presume you are working from the green copy.

SENATOR CHAMBERS: Yes, Mr. Chairman, to clarify what has happened, the day that this bill came up on Select File I was in Omaha taking my son to the dentist and the bill was moved anyway, so if you will turn to the green copy, that will show you the page numbers and the references that will be involved. The material in my amendments will be found in the green copy and that material is still part of the Final Reading copy. So if you, along with me, will turn to page 3 of LB 155 in the green copy, then I will ask that those references be given again so that you can follow, or I will give them to you. On page 3 in line 26 you will see that we are talking about the number of times one of these vehicles will have to be taken back for repair and I think that when it has gone back four times then that means that there has to be a fifth occurrence when something happened that was along the same line as the previous four. If it is repaired on the fourth time, you wouldn't take it back again. So what I am saying, because I think it is unreasonable to run a person back again and again before a right comes into play, if you switch the four to three, then there still must be four occurrences before the active portions of the law come into play. So that is one part of the amendment. And, Mr. Clerk, can you tell me the page for that
